## Dies in work accident, API employee

Courtesy / CDP Noticias

March 01, 2021

A worker who worked inside the Comprehensive Port Administration (API) of Coatzacoalcos, was crushed by a trailer loaded with cement.

It was about the one who was called Gerardo Velázquez, an employee of the CEMEX company, who died almost instantaneously.

Authorities of the place notified the ministerial authorities who arrived at the place to carry out the corresponding proceedings.

This event occurred this Monday morning.
