SIAGAINDONESIA.ID Abdur Rosyad (41) a resident of Sidokumpul Village, Bungah District, Gresik Regency, a loading and unloading worker at the Java Integrated Industrial and Port Estate (JIPE) port died while on the move.

The incident was confirmed by the Head of Criminal Investigation Unit of the Gresik Police, Iptu Wahyu Rizki Saputro, and his party is still conducting an investigation. "We have just investigated the delegation from the Manyar Police to the Resort Police, please take time," he told reporters, Tuesday (9/8/2022).

He added that the victim was hit by a collapsed cargo while carrying out activities as loading and unloading workers on ships at the JIPE Port.

“When the victim was carrying out loading and unloading work on the ship, suddenly the cargo collapsed and hit the victim's body. As a result, the victim died and suffered injuries to the head and chest.

Meanwhile, ComDev/CSR Manager PT. Berkah Kawasan Manyar Sejahtera (BKMS) as the manager of the JIPE area, Mifti Haris said his party was still conducting a detailed investigation regarding the chronology of the incident.

"We investigated first, for the chronology of the victims of loading and unloading workers," he said. @ahu
