On the afternoon of this Tuesday, 11/08, a 53-year-old truck driver died crushed by a forklift at the Bandeirantes Deicmar terminal in the Port of Santos. SAMU was called at 1:43 pm to attend to the case and found death at the scene.

Preliminary information indicates that the man was circulating close to the forklift operating area, which came towards him in reverse. The operator reported not seeing the truck driver, who had his body pressed against the back of the truck and died at the scene.

The company Bandeirantes Deicmar regretted the fatality and informed that it opened an internal investigation to investigate the case.
