A worker at the Grain Bureau died after falling, yesterday, Thursday, from the height of a ship, as he was in charge of unloading it from the grain in the port of Bizerte, according to what was confirmed to Al-Shaab News, the general secretary of the Bizerte Regional Labor Union, Al-Bashir Al-Sahbani.

The deceased is 25 years old, and he was assigned to this institution only a year ago, and he is from the city of Tebourba.

The Public Prosecutor inspected the accident and the body and referred it to the autopsy. Work at the port also stopped as a result of the accident, in protest against working conditions after the renewal of fatal work accidents.

It is noteworthy that a similar accident took place a week ago and led to the death of a worker, and the Regional Labor Union in Bizerte requested an urgent session that brings together all the institutions working in the port.
