PORT WORKER DIES ON HIS LAST WORKING DAY

A port worker lost his life in the port of Vila do Conde, in Brazil, after an accident that happened during his last day of work.

According to preliminary reports, the man was crushed by a truck loaded with caolin that overturned while performing his usual chores, after he had submitted his resignation.

Authorities went to the scene to begin relevant investigations and the company in charge announced the activation of internal procedures to clarify what happened and accompany the victim's family.
